

- Rocker arm cover for adjusting to adjoin components
- Blank finished by frictional grinding
- Surface and casting structure free of defects.
- Limit samples need to be defined for cutting defects with no function effects.\*\*
- Lateral off-set mold parting line max. 0.2mm
- Max. demolding burr 0.2mm.
- In the ground
- Ejector-pins max. 0.5mm depth
- Not dimensioned thickness 4.75mm
- Not dimensioned areas and geometries refers to 3D-data.

V.	Change	Date	Name	Material	Scale		
01	New form according to measurement specification	18.11.2015	Isacovici	2x6 40A(Zn-4Al-0.4Mg; Zama33); Guss	1 : 1	Approved by	
02	Attachment without paint	01.10.2020	Orlowski	General flat stainless steel - Plastic moulded parts: DIN ISO 20457/2018 - 103			
03	Transfer to Inventor	30.01.2025	Z.Gabriel	- Metal and other plastic parts: DIN ISO 2769-5 Material to comply with RoHS Directive 2011/65/EU incl. 2015/863/EU	Title
